## What is good attendance?

PSHE  
 This half term we will be looking at 'Being a good citizen'

### Why does attendance matter?

- You fall behind in work and lessons.
- You have lower motivation to be here at all.
- Your enjoyment of learning is less.
- You have less chance of achieving GCSEs.
- You're more likely to show poor behaviour
- You miss out on the social life of school and extra curricular opportunities and experiences.
- It effects your ability to have or keep friendships.

We know when you're ill then the best place is home – here is some guidance on if your child should stay at home or come to school.
